

# Rosanne Cash, I Wonder

I WONDER

(Leroy Preston)

Every time I'm near you  
My heart jumps all about  
My mind can't figure out what to do  
Cause I've been disillusioned  
Enough by love turned blue  
Your love could be true ... but I wonder

Am I supposed to think  
That your love will be true  
And deny the part of me  
That says you'd leave me too

Cause yesterday reminds me  
That what I've lost is gone  
Your love may linger on ... but I wonder
