

# Roxen, Amnesia (Rumunia, Eurovizja 2021)

once upon a time  
i used to know a girl  
Ripped jeans  
Messy hair  
Shining like a pearl  
I guess u am a day sick  
I push the night so far away

If you feel what i feel  
See what i see  
Don't bring yourself down  
You're not alone  
Not alone now

i lost myself tryna have it all  
this world view's in a rush  
and they say tehy know it all  
i lost myself tryna have it all  
self love amnesia  
don't worry if it got you  
cause you're not alone, not alone  
i try to fight  
but it's getting strong  
getting strong, getting strong  
i lost myself tryna have it all  
self love amnesia  
don't worry if it got you  
cause you're not alone, not alone

giving all they want mmight make you lose control  
take it  
breathe in the words like i shpuld know  
people always say  
be carful what you wishin' for!

If you feel what i feel  
See what i see  
Don't bring yourself down  
You're not alone  
Not alone now

i lost myself tryna have it all  
this world view's in a rush  
and they say tehy know it all  
i lost myself tryna have it all  
self love amnesia  
don't worry if it got you  
cause you're not alone, not alone  
i try to fight  
but it's getting strong  
getting strong, getting strong  
i lost myself tryna have it all  
self love amnesia  
don't worry if it got you  
cause you're not alone, not alone

self love is never gone  
self love put it back on  
self love self love  
you're not alone  
not alone, not, alone  
self love amnesia
