

# Roxette, Love is all [Shine your light on me]

Love is all  
Love is around you  
Love is there in your laughter  
In your hair  
Love flows everywhere  
Love is old  
Love is older than you  
But the light shining through  
Makes me see  
Your love is all new  
Hey  
Sha la la  
Shine a light  
Shine on me  
Shine your light on me  
Sha la la  
Shine your light on me  
Love is all  
Love will always be The Law  
And higher love radiates on us all  
On us all.
