

Roy Black, Bleib Bei Mir

(Bryan Ferry/Andy Mackay)

All of those people

Everywhere

Ever so needing

Where's it all leading

Tell me where

Nothing insincere

I'd better have pity

I'd better go easy

I never will lay down

While my heart is still beating

Where it's all leading

Walk on air

Am I still dreaming

Words to spare

Lost in their meaning

I'd better be strong now

I'd better stop dreaming

My heart has flown away now

Will it never stop bleeding?
