

Runrig, Lifeline

Hear the call of the wind
Feel the dying answer
Steel on the mind
Cold in the veins
Torture and trial
Sunrise over the limits
Conquest and fire

I'm alive
I'm alive
I'm alive on a lifeline
I'm alive
I'm alive
Spirits provide
I'm alive
I'm alive
I'm alive on a lifeline
Come to the mountain and climb

You cry in the wilds
Hope on the ledges
Your heart's in the stars
Night's in your eyes
The rockface inclines
hold her, leave her
Rise to glory
Over mankind

I'm alive
I'm alive
I'm alive on a lifeline
I'm alive
I'm alive
Spirits provide
I'm alive
I'm alive
I'm alive on a lifeline
Come to the mountain and climb
