RuPaul, Snapshot

here and there, everywhere the places that i go people stop and they stare i'm beautiful, that i know i am quite a sight to behold

hey now, hey now now i want you to remember me being who i wanna be hey now, hey now now turn it on, then you'll see everybody look at me

snapshot take my picture snapshot let me show what i got red hot take my picture red hot take it over the top

photograph, video catch me while you can cause i gotta go hollywood, sunset strip living in the spotlight can be such a trip

hey now, hey now now take it on my good side, don't wanna be on my bad side hey now, hey now now i ain't never been shy, ain't got nothin' to hide

snapshot take my picture snapshot let me show what i got red hot take my picture red hot take it over the top

say baby, uh, you got some film in that camera or are you just happy to see me?

hey now, hey now now, click click hey now, hey now now, click click
