

Russ, Aint Nobody Takin My Baby

I don't care about an argument I'll still be here tomorrow
For you
I gotta room up in the city we can play finish the bottle
I'll pour you up
We'll work on us
Cuz ain't nobody taking my baby
I wanna be clear
I'm stayin right here
Cuz ain't nobody takin my baby

Your heart weighs a ton
Girl watch me heavy lift
How many more times we gon argue over petty shit
I mess up but shit you mess up too
The way you answer makes me question you
I guess your body ain't the only thing that's flexible
You bend the truth
We lettin loose
Verbal warfare
Open wounds we still poke even tho we know it's soar there
Cuz hurt people hurt people
Cuz hurt people hurt people
That's a known fact
You got me tempted to say fuck it where my hoes at
But I know that they don't last
That's why I don't go back
I stay put I want you
I don't care I want you

I don't care about an argument I'll still be here tomorrow
For you
I gotta room up in the city we can play finish the bottle
I'll pour you up
We'll work on us
Cuz ain't nobody taking my baby
I wanna be clear
I'm stayin right here
Cuz ain't nobody takin my baby

It was me and you in love for a quick summer
Now we textin question marks cuz we switched numbers
Lookin back you were the perfect fit
Didn't let me fuck right away you made me work for it
Use to ride around drunk you brought out the worst in me
Damn I went to jail with you and that was a first for me
Shit heaven knows that I was hell bent
First time we said we love eachother was thru cell vents
Guess I shoulda known then
But I'm stubborn I'll admit that
At least I got some classic rap songs from your mishaps
I ain't perfect tho
I stayed what's wrong with me
I'm in love with challenges girl thats just honesty
No matter what tho I stayed put
Till it wasn't funny anymore like Dane cook
Out of sync out of touch
I should probably give it up but
I'm a lover not a fighter but I'll fight for what I love

I don't care about an argument I'll still be here tomorrow
For you
I gotta room up in the city we can play finish the bottle
I'll pour you up
We'll work on us

Cuz ain't nobody taking my baby
I wanna be clear
I'm stayin right here
Cuz ain't nobody takin my baby
