

# Russell Crowe & 30 Odd Foot Of Grunts, Someone's

(Cochran/Crowe)

Somebodies trying to kill me  
It could be myself  
I have it on the highest authority  
I'm just no good  
For my own health

Indifference under my skin  
Gets my veins a rippling  
Oh concentrate you stupid man  
It becomes your best friend

yeah

What measures can be taken  
To protect the young and listless  
From those obsequious ingratiates  
And the girls that scare them shitless

yeah

Those vicious lips  
they cut when they dismiss  
I guess I asked for this  
Bloodied love and battered bliss  
That parting kiss

Whattcha got? Billy boy?????

Somebodies trying to kill me  
It could be myself  
I have it on the highest authority  
I am just no good  
For my own health

yeah

Somebodies trying to kill me  
Somebodies trying to kill me  
Somebodies trying to kill me
