Rusty, Empty Cell

Pam says she loves me I'm lucky Guys like me, don't get laid By girls like her By girls like her She says we'll be together now Sittin alone in my empty cell She says she needs me I picture her face no more She don't call After all I've done All I've done for her She says we'll be together now Sittin alone in my empty cell My heart is broken, I can't hear a sound Sittin alone in my empty cell My skin crawls, Í killed him I'd do it again if I thought I Could spend the rest Of my life with her My life with her She says we'll be together now Sittin alone in my empty cell My heart is broken, I can't hear a sound Sittin alone in my empty cell
