

Ryan Adams, My Sweet Valentine

Oh my sweet valentine, I guess I knew you well.
Left my old better half to be all by myself.

Though I don't have long I know, I'll just let my lovin' show
Cause there aint nothin like a petal in a rainstorm
No there aint nothin like a petal in a rainstorm
No there aint nothin like a petal in a rainstorm
Love can't keep you warm my dear

And we're never far from home. That place where we all go.
And I can't wait to get there sometimes. Sometimes it's such fun to be alive.

Oh my sweet serenade, I guess we tore it up
Nighttime sang our song until we gave it up

Though I don't have long I know, I'll just let my lovin' show
Cause there aint nothin like a petal in a rainstorm
No there aint nothin like a petal in a rainstorm
No there aint nothin like a petal in a rainstorm
Love can't keep you warm my dear

And we're never far from home. That place where we all go.
And I can't wait to get there sometimes. Sometimes it's such fun to be alive.
