

# S Club, Boy Like You

Hey Boy  
What you need is a girl  
that can give you what you need  
A crazy a girl  
someone like me

Oh boy you're single and free  
You like to play hard  
Live dangerously  
Oh boy at the flick of your hand  
Anything you ask for you can demand  
Oh boy do you ever get bored  
Getting all you want and more...  
What you need is someone like you  
Who's gonna blow your pretty world in two

Chorus:  
Watcha playing 'round  
But that don't bother me  
I'm not in a rush cos I can see  
That a boy like you needs a crazy girl like me  
I watcha paint the town  
Cruising up and down  
Picking all the cherries off the tree  
But a boy like you needs a crazy girl like me

It's no joke, it's funny to be  
Staring at you but all I'm seeing is me  
Like you, I like to live loud  
If you're looking for a good time  
Look what you've found  
It's fun spending hard cash,  
But it's over in a flash  
What you need is someone like me  
Who's gonna blow your pretty world for free

Chorus x1

(You need a crazy girl)  
Someone who's gonna show you such a good time  
(You need a crazy girl)  
What you need is a girl who can give you what you need  
(You need a crazy girl)  
Someone who's gonna show you such a good time, good time  
What you need is  
Someone like me

Chorus x1

Watcha play around  
But that don't bother me  
I'm not in a rush cos I can see  
That a boy like you needs a crazy girl like me  
I watcha do the things  
That make you who you are  
Can't you see it's written in the stars  
That a boy like you needs a crazy girl like me  
That a boy like you needs a crazy girl like me  
That a boy like you needs a crazy girl like me
