

S Club, Down At Club S

To the S

Where do you wanna go
When your life's in a mess?
Where do you wanna be
When your brain's under stress?
Be what you can be
'cause you can impress
Down at Club S (Club S, yeah!)

Take a ticket to your life
And fly far from home
You can take a chance
You won't be alone
Be what you can be
'cause you can impress
Down at Club S

CHORUS:

C.L.U.B, place you wanna be
C.L.U.B, place you wanna be
C.L.U.B, place you wanna be
C.L.U.B, place you wanna be

Where do you wanna be
If you feel like a star?
We'll take you all the way
No matter how far
There's a method in the madness
Never the less
Down at Club S

Where do you wanna be
Where words can't express?
Everybody knows
That life can depress
Come on to the place
Where you can impress
Down at Club S
Yeah

(Chorus)

De le la la la de dum
(x8)

(Chorus)

When you're lonely
Head for the best Club
The one and only
Wonderful s Club
To the S

Where ya going to go
When you head for the best Club
The one and only
