

S Club, If It's Love

If it's love, if it's love baby
If it's love, if it's love baby
If it's love, if it's love baby

When your world has fallen apart
And still your strong of heart
Something has changed
Around you

When the stars shine from the sky
From morning until night
Something has changed
Inside you

Now you're here, don't ever go
If it's a dream don't wanna know
Let me believe in
This feeling for the rest of my life

If it's love then I don't wanna come down
If it's love then best just leave me to drown
If it's love that I see, then don't rescue me
Cos nothing could be greater than this rush
If it's love

When you've troubles and there's no
And still the flowers grow
Something has changed
Around you

When the future lifts your heart
And hope is all you've got
I know it's because I found you

Now you have come, don't ever go
If I'm wrong, don't wanna know
Let me believe in
This feeling for the rest of my life

If it's love then I don't wanna come down
If it's love then best just leave me to drown
If it's love that I see, then don't rescue me
Cos nothing could be greater than this rush
If it's love

Hold me now, make the feeling go on
Hold me close, make the feeling so strong
Can't be wrong, cos the feeling's so right
Just let me say goodnight, for the rest of my life

If it's love, if it's love baby
If it's love, if it's love baby

If it's love then I don't wanna come down
If it's love then best just leave me to drown
If it's love that I see, then don't rescue me
Cos nothing could be greater, nothing could be greater

If it's love
Only if it's love
If it's love
Only if it's love
If it's love
Only if it's love

If it's love
Only if it's love
If it's love
Only if it's love
If it's love, if it's love baby
Only if it's love
