

# Sabaton, Versailles

The war had been raging and ravaging for four years  
Leaving millions of casualties from all sides  
In the trenches of the frontlines, people have asked the question  
What is the price of peace?  
How many more must die?  
Exactly five years after the assassination of Franz Ferdinand  
Germany is forced to sign an unconditional surrender  
For the signing of this historical document, the French city of Versailles is chosen

Signed a treaty to change the world  
Tensions fall and a peace unfurled  
Nothing like what had come before  
It's the deal, it's the treaty that will end the war!

Signed a treaty to change the world  
Tensions fall and a peace unfurled  
Nothing like what had come before  
It's the deal, it's the treaty that will end the war!

A fragile but hopeful peace falls upon the European continent  
America returns to their shores, Russia tend to their own matters  
And the British Empire disbands their colonial forces  
Parades are being held in victorious countries  
The war that would end all wars is over  
But not everyone agrees  
In the underground, something is growing in the dark  
Because for some, the war never ended  
War will never entirely die, it will evolve  
It will change  
And war will return, sooner than we think

Signed a treaty to change the world  
Tensions fall and a peace unfurled  
Nothing like what had come before  
It's the deal, it's the treaty that will end the war!

Signed a treaty to change the world  
Tensions fall and a peace unfurled  
Nothing like what had come before  
It's the deal, it's the treaty that will end the war!

From a shot that would change the world  
Tensions rise and a war is unfurled  
Nothing like what had come before  
It's the war that will end all war!

From a shot that would change the world  
Tensions rise and a war is unfurled  
Nothing like what had come before  
It's the war that will end all war!

Will this war really end all wars?  
Can a war really end all war?  
Will this war bring another war?  
It's the war that will end all wars

Will this war really end all wars?  
Can a war really end all war?  
Will this war bring another war?  
It's the war that will end all wars

Will this war really end all wars?  
Can a war really end all war?  
Will this war bring another war?

It's the war that will end all wars

Will this war really end all wars?

Can a war really end all war?

Will this war bring another war?

It's the war that will end all wars
