

# Sabrina Carpenter, Feels Like Loneliness

[Verse 1]

You're not asking for much  
But it just seems like a lot and  
Kinda confused don't know what to chose  
But baby it's hard for me  
I'm not ready for your love

[Bridge 1]

I'm keepin' my goal but  
I don't mean to tease ya  
You're down on your knees  
You're beggin' me please  
But darlin' its not the way  
To get me babe no no

[Pre-Chorus]

Woo ooh still didn't mean to make you love me (x2)  
Didn't mean to be charming  
Such a beautiful darling  
I didn't wanna make you think we can be a thing  
And I give you everything, love

[Chorus]

Love feels like loneliness  
Love feels like loneliness. sometimes  
That's just the way it is  
Love feels like loneliness sometimes

[Verse 2]

We can't get the timing  
Because I was running  
But now I want you  
And you always knew so  
Baby you pull away  
And make me wait for you

[Bridge 2]

So screw all that love-ish  
I think that I've had it  
But the more you turn your back  
Then I wan't you back  
Is this the last time  
I'd played this game  
Always the same and I'm through

[Pre-Chorus]

Woo ooh still didn't mean to make you love me (x2)  
Didn't mean to be charming  
Such a beautiful darling  
I didn't wanna make you think we can be a thing  
And I give you everything, love

[Chorus]

Love feels like loneliness  
Love feels like loneliness sometimes  
And that's just the way it is  
Cause love feels like loneliness sometimes  
Sometimes (x8)  
Love feels like loneliness sometimes  
Sometimes  
Cause love feels like loneliness sometimes, sometimes (high Note)  
That's just the way it is  
Love feels like loneliness  
Sometimes

No no no no no no no  
Sometimes (x5)  
Love feels like loneliness sometimes
