

Sabrina Carpenter, Like Real People Do

I had a thought, Dear
However scary,
About that night,
The bugs and the dirt
Why were you digging?
What did you bury,
Before those hands pulled me
From the earth?

I will not ask you where you came from,
I will not ask you and neither should you

Honey just put your sweet lips on my lips
We should just kiss like real people do

I knew that look dear,
Eyes always seeking
Was there in someone
That dug long ago,
So I will not ask you
Why you were creeping,
In some sad way I already know

So I will not ask you where you came from,
I would not ask and neither would you

Honey just put your sweet lips on my lips
We should just kiss like real people do

I could not ask you where you came from,
I could not ask and neither could you

Honey just put your sweet lips on my lips
We could just kiss
Like real people do
