

# Sabrina Carpenter, Tell Em

Got me in my feelings, mmm  
What the hell you doing to me?  
I can't help what I'm feeling  
Yeah, 'cause I'm falling down like a summer rain

People asking what we do and I don't say a thing  
Can we keep it to ourselves like if it's all the same?  
'Cause if they know what we know  
That's when everything's gonna change

So we tell 'em, mmm  
It might be too much for them, they might get jealous, hey  
The way that you looked at me, I felt like heaven, oh  
I know they can see, I know they can tell it  
So we ain't gonna tell 'em (Shh)

We ain't gotta tell  
Tell 'em nothing, no, tell 'em, tell 'em, no (Tell)  
Tell 'em nothing, no, we tell 'em, tell 'em nothing (Tell)  
We ain't gotta tell 'em, tell (Tell)  
(Got to tell them, babe, got to tell them, babe)

Ain't no reason why we need to tell nobody  
We don't gotta give it any labels  
Cards already on the table  
And we don't need opinions in our head space  
You and me already in a good place  
Like whoa, stay, let's keep it this way

People asking what we do and I don't say a thing, no  
Can we keep it to ourselves like if it's all the same?  
'Cause if they know what we know  
That's when everything's gonna change

So we tell 'em, mmm  
It might be too much for them, they might get jealous, hey  
The way that you looked at me, I felt like heaven, oh  
I know they can see, I know they can tell it  
So we ain't gonna tell 'em (Shh)

We ain't gotta tell 'em  
No, tell 'em, tell 'em, no (Tell)  
Tell, tell 'em nothing, no, we tell 'em, tell 'em nothing (Tell)  
We ain't gotta tell 'em, tell (Tell)  
(Got to tell them, babe, got to tell them, babe)

You could be my dirty little secret  
And you could be my everything I'm needing  
And you could be my dirty little secret (Oh)  
Nobody has to know (Shh)

]

We ain't gotta tell 'em  
No, babe, tell 'em, tell 'em, no (Tell)  
Tell 'em nothing, no, we tell 'em, tell 'em nothing (Tell)  
We ain't gotta tell 'em nothing, babe  
We ain't gotta tell 'em, baby, no (Tell)  
We ain't gotta tell nothin' to no one  
We ain't gotta tell nothin' to no one  
We ain't gotta tell  
Tell 'em nothing, no, tell 'em, tell 'em, no (Tell)  
(We ain't got to tell them nothing, ain't got to tell)

You know, you know  
Tell 'em nothing, no, we tell 'em, tell 'em nothing (Tell)  
(We ain't got to tell them nothing, ain't got to tell)  
We ain't gotta tell 'em, tell (Tell)  
(We ain't got to tell them nothing, ain't got to tell)

Ain't got to tell, we ain't got to tell them nothing  
(And what if we)  
Ain't got to tell, we ain't got to tell them nothing  
(Kept this between you and me?)  
Ain't got to tell, we ain't got to tell them nothing  
Ain't got to tell, we ain't got to tell them nothing  
(We ain't got to tell nobody, no)  
Ain't got to tell, we ain't got to tell them nothing  
(Tell nobody, no)  
Ain't got to tell, we ain't got to tell them nothing  
Ain't got to tell, we ain't got to tell them nothing  
Ain't got to tell, we ain't got to tell them nothing  
Ain't got to tell 'em nothing, ain't got to tell  
We ain't got to tell 'em nothing, ain't got to tell  
We ain't got to tell 'em nothing, ain't got to tell  
We ain't got to tell 'em nothin
