

# Sabrina Carpenter, We'll Be The Stars

We are young, we are gold  
Trying things we didn't know  
Looking at the sky, see it come alive  
All our fears became our hopes  
Climbed out every locked window  
All the lines may, fell upon the rain  
We can reach the constellations  
Trust me, all our dreams are breaking.

Oh, No we're never gonna turn to dust,  
Yeah, all we really need is us  
Don't be scared to close your eyes  
No we're never gonna die, we'll be the stars  
Oh, no we're never gonna step too far  
Yeah, we're holding on to who we are  
When it's time to close your eyes  
They will see us in the sky,  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!

Let me in, hold me close  
Fill my heart with simple notes.  
So when it's hard to see,  
they are there, reminding me  
Take my breath, and hold me high  
So I can feel the city lights glowing under me  
It's in our reach, we're breaking

Oh, No we're never gonna turn to dust,  
Yeah, all we really need is us  
Don't be scared to close your eyes  
No we're never gonna die, we'll be the stars  
Oh, no we're never gonna step too far  
Yeah, we're holding on to who we are  
When it's time to close your eyes  
They will see us in the sky,  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!

We can reach the constellations  
Trust me, all our dreams are breaking.

Oh, No we're never gonna turn to dust,  
Yeah, all we really need is us,  
Oh, We'll be the stars.  
Oh, no we're never gonna step too far  
Yeah, we're holding on to who we are  
When it's time to close your eyes  
They will see us in the sky,  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh  
WE'LL BE THE STARS!

Oh ooh ooh oh oh  
WE'LL BE THE STARS!  
Oh ooh ooh oh oh

WE'LL BE THE STARS!
