

# Salamandra, Victorious

I can rise, this is my fight  
luck is on my side  
I will defend all my beliefs  
nothing keeps me down

You can break my world in two  
I won't let you win this time

Iron will and heart of steel  
stronger than you think  
hard and tough, without rest  
I'm on the war path

You can break my world in two  
I won't let you win this time

Get ready for final vengeance  
my steps lead to victory  
Hit me hard but don't think I'll cry  
I'll try my best to be free
