

Sam Fender, Spice

bright kid
leaves school
gets job
hates it
fakes it
to long
sees no
way out

can't talk
to girls
no sex
for years
loses
his will
to live
but he
found something better

spice up your life
who would want anything else?
spice up your life
who would want anything else?
these moments of oblivion are all I need

sells his
stuff for
nothing
to found
salvation
sexual frustration
is a thing of the past

spice up your life
who would want anything else?
spice up your life
who would want anything else?
these moments of oblivion are all I need

smashes
up shis
mate's hause
goes home
fucks up his dad
beats him
so bad

arrested
throw ut
homeless
so sad
his brother
will find him
and give him a hiding

spice up your life
who would want anything else?
spice up your life
who would want anything else?
these moments of oblivion are all I need

news in
he's off it
but he's not

the same kid
I see him
last Sunday
his head's fucking gone, mate
