

Sarah Brightman, By Now

I look in your eyes and
I see a little bit of heaven in view
I face your disguise and
I see you running too
A teardrop of silence
That's dissipating in an ocean of blue
So let me dive under
In memory of you

By now it's loving and affection
By now it's love
By now it's loving and affection, baby
By now it's love

And will you still see me
When I am lying under heavenly skies
And will you still feel me
When I reach out to you
And when it's all over
Just let me dive into the
Pools of your eyes
And then I'll float timeless
Into a part of you

By now it's loving and affection
By now it's love
By now it's loving and affection, baby
By now it's love
