

Sarah Brightman, Fleurs Du Mal

Is it you I keep thinking of
Should I feel like I do
I've come to know that I miss your love
While I'm not missing you
We run till it's gone
Et les fleurs du mal
Won't let you be
You hold the key to an open door
Will I ever be free

CHORUS:

(Les fleurs du mal unfold)
Comme les fleurs du mal
(Dark demons of my soul)
Un amour fatal
(Been tryin' hard to fight)
Comme les fleurs du mal
(Les fleurs du mal inside)
Un amour fatal

All my life I've been waiting for
In this perfume of pain
To forget when I needed more
of love's endless refrain
We live and we pray
Pour les fleurs du mal
I've lost my way
What is done will return again
Will I ever be free

CHORUS
