

# Sarah Brightman, La Mer

Ancient unknown mammals  
On a stormy sea  
Like Buddha in the water  
A velvet energy

As the night takes over  
The spirits of the deep  
Marvel at his majesty  
The whale is in his sleep

Oh, la mer  
You're shimmering through  
Oh, la mer  
Magnificent blue

Shimmering through the water  
In search of sanctuary  
Currents travel faster  
In alien territory

Dancing in the distance  
In a puff of spray  
In a single moment  
The dolphin glides away

Oh, la mer  
You're shimmering through  
Oh, la mer  
Magnificent blue
