Sarah Brightman, The Perfect Year

Bring out the old, bring in the new A midnight wish to share with you Your lips are warm, my head is light Were we alive before tonight?

I don't need a crowded ballroom Everything I want is here If you're with me, next year will be The perfect year

No need to hear the music play Our eyes say all there is to say The clock has struck The die is cast, let's take a chance Forget the past

I don't need a crowded ballroom Everything I want is here If you're with me, next year will be The perfect year

I don't need a crowded ballroom Everything I want is here If you're with me, next year will be The perfect year

It's New Year's Eve, and hopes are high Dance one year in, kiss one good-bye Another chance, another start So many dreams to tease the heart

We don't need a crowded ballroom Everything we want is here And face to face, we will embrace The perfect year

We don't need a crowded ballroom Everything we want is here And face to face, we will embrace The perfect year

There you go, here with me Just together singing and wonderful While we said goodbye
