

Saybia, Romeo

I lie on my bed
Covered in sweat
With a woman above
Blooming with love
I'm on top of my world
On top of my time
On top of the trouble
I'm leaving behind
I'm lost for words
Exploring her curves
With curious hands
I roam this wonderland
We meet in a kiss
Of infinite bliss
As I open my eyes
And see my Juliet
My Juliet

I'm all in on a lifetime of romance
Don't be leaving too soon
Can I ask for one more dance
I'm all in on a lifetime worth of romance tonight
Don't be leaving too soon
Can I ask for one more dance

The ceiling is white
The future looks bright
And all I hear
Is your breath in my ear
In the room of your beat
You've got what I need
Go with the flow
Stand by your Romeo
This Romeo

I'm all in on a lifetime of romance
Don't be leaving too soon
Can I ask for one more dance
I'm all in on a lifetime worth of romance tonight
Don't be leaving too soon
Can I ask for one more dance

Whoo yeah, Whoo yeah

I'm all in on a lifetime worth of romance with you
Don't be leaving too soon
Can I have the eternal dance
