

Scarlet, Bad Girl

I've given up
and that's a shame when you're a dreamer
I've had enough
And that's hard on a believer

I'm gonna take back control
You took the shine off my soul
No I'm not stopping now
I've given all I can give

I can be strong, I can be tough
I can be a bad girl, I can be cruel
I will remain when the walls come down
You think I'm weak, that I'm a fool
'Cos I said I loved you
Well I'm changing the game
I'm a Bad Girl

So what is love?
Did I fall for the illusion?
And sex....and lies....and lust
Just add to the confusion

I'm gonna lead not be led
And get things straight in my head
No you can't stop me now
I'm gonna run for my life

I can be strong, I can be tough
I can be a bad girl, I can be cruel
I will remain when the walls come down
You think I'm weak, that I'm a fool
'Cos I said I loved you
Well I'm changing the game

I can be strong, I can be tough
I can be a bad girl, I can be cruel
I will remain when the walls come down
You think I'm weak, that I'm a fool
'Cos I said I loved you
Well I'm changing the game
Yeah, Im changing for good

I can be rude, I can be rough
I can be.....a bad girl
I will survive
When all the odds are against me
You think I'll break, but I will bend
When the wind cuts through me
You stand there calling me names

You're right,
I'm a bad girl
I'm a bad girl
