

Scarlet, Circus X

Better hide, it's getting late
Something lurks beyond the gates
Once the clock strikes midnight
All the ghosts come out to play

Step right in, enjoy the show
More you see, the less you'll know
All the clowns dance in delight
You're act one on stage tonight

Red is dripping down the walls
Feel your skin begin to crawl

Sent a chill right down your neck
When you're trapped in Circus —
Trapped in Circus X

Trapped in Circus X

Cuz the show has just begun

If you're playing
You're staying
So let's all get trapped in Circus X

Act two is all fun and games
Think they'll let you get away
Just before you think you're safe
You're lost in their mirror maze

Red is dripping down the walls
Feel your skin begin to crawl

Wish you never came at all
Cuz they'll find you next when you're trapped in Circus X

Trapped in Circus X
Cuz the show has just begun

If you're playing
You're staying
So let's all get trapped in Circus X

La-la la-la-la la-la-la-la-la-la-la
La-la la-la-la-la-la-la-la-la-la
