

Scarlet, You're My Fix

Ms. Doe

I've been watchin you

Outside your window

Cutting myself to feel new

I want to tie you up, and pin you down

Ms. Doe

You're my only muse

This blindfold and this gag they're both for you

I want to tie you up, and pin you down

I want to feel lost and feel found

My nerves are shot and my wrists are slit

I'm your stalker and you're my fix

You're my fix

You're my fix

You're my fix
