

# Scorpions, In Your Park

(Rudolf Schenker, Klaus Meine)

In the night there is  
A gentle voice of silence  
So low and quiet  
She'll catch me 'cos I've been longing.

I want to walk in your park  
Cos I'm alone,  
I want to walk in your heart  
Where are you? I don't know ...

I look around and see  
The sunshine in the morning.  
(Shadows in the night  
Like angels by your side in the alley ...)

On my journey I change the time,  
Leave everything behind me.  
(Shadows in the night  
Like angels by your side in the alley ...)

I want to walk in your park  
Cos I'm alone,  
I want to walk in your heart  
Where are you? I don't know ...

Let me walk, let me walk in your heart!
