

# Seal, Do You Ever

She don't get it, he just let it slip away  
Coz all they've been doing  
Is losing at night and day  
Breaking up is harder when you have a higher price to pay  
Now she takes a lover  
So that she can hide the pain.

Do you ever forget my name?  
Do you ever recall our love again?  
Do you find every now and then?  
You'd be someone and your live is not the same  
When you're there with him  
I'm just wondering  
Do you ever forget my name?

All these chains, he now faces reality  
One night lovers, such a big space to fill  
But now and then he wonders if it's only time they kill

Do you ever forget my name?  
Do you ever recall our love again?  
Do you find that every now and then?  
You'll be somewhere and your live is not the same
