

Sebastian Bach, By Your Side

So long my dear departed
where did you go
I can't believe you're gone and
the lights go out so slow
I'm missing you each morning
days gone by
Can I feel the longing
to look you in the eyes

You know I'll never let you go
You know I'll never hurt so bad
And if it takes a thousand years
I will be right there by your side

You know I'll never let you go
When I lost you I was blind
And everytime I catch me with tears
I will be right there by your side

I feel you when you're watching
From afar
Too young to leave me standing
I wonder where you are

The precious time we spent
My fondest memories
I'll hold on to the promise
That you made to me

You know I'll never let you go
You know I'll never hurt so bad
And if it takes a thousand years
I will be right there by your side

You know I never hurt so much
When I lost you, I was blind
And everytime I catch the tears
You are right there by my side

I stare into his eyes
And then I see your face
A dying love inside
A love you can't replace
You're looking down with pride
And let me show what I can tell

So long my dear departed
Where did you go?
I can't believe you're gone and
My life goes on so slow

You know I'll never let you go
You know I'll never hurt so bad
And if it takes a thousand years
I will be right there by your side

You know I'll never let you go
When I lost you I was blind
And everytime I catch the tears
You are right there by my side

You are right there by my side
You are right there by my side
