Selena Gomez, Back to You

took you like a shot thought that I culd chase you with the cold evening let a couple years water down how I'm feeling about you nd every time we talk every single word will talk to this moment and I gotta convince myself I don't want it even though I do

you could break my heart in two but when it heals , it beats for you I know its forward but it's true I wanna hold you when I;m not supposed to when I'm lying close to someone else you're stuck in my head and I can't get you out of it if I could do it all again I know I'd go back to you I know I'd go back to you I know I'd go back to you

I never got it right playing and re-playing old conversations overthinking every word and I hate it cause it's not me and what's the point of hiding and everybody knows we got unfinished business and I'd regret it if I didn't say this isn't what it could be

you could break my heart in two but when it heals , it beats for you I know its forward but it's true I wanna hold you when I;m not supposed to when I'm lying close to someone else you're stuck in my head and I can't get you out of it if I could do it all again I know I'd go back to you I know I'd go back to you I know I'd go back to you I go back to you I go back to you but I go back to you

you could break my heart in two but when it heals , it beats for you I know its forward but it's true won't lie, I'd go back to you you know, my thoughts are running loose it's just a thing you make me do and I could fight, but what's the use I know I'd go back to you I know I'd go back to you

I wanna hold you when I;m not supposed to when I'm lying close to someone else you're stuck in my head and I can't get you out of it if I could do it all again I know I'd go back to you I know I'd go back to you I know I'd go back to you
