

Selena Gomez, BIRTHDAY

Tell 'em that is my birthday /3x
When I party like that
Every night's my birthday
They don't know, so it's okay
Tell 'em that it's my birthday
When I party like that

(Jazz it up) /2x

Happy as can be
Falling into you, falling into me (so yummy)
How do you do, come and meet the queen, cake and cream
Blow your dreams, blow your dreams, blow your dreams away with me
Blow your dreams, blow your dreams, blow your dreams away with me
So yummy

Tell 'em that is my birthday /3x
They don't know, so it's okay
Tell 'em that it's my birthday
When I party like that

(Jazz it up)/2x

Feeling fine and free
Crashing into you, crashing into me (so yummy)
It's all I wanna do, come and dance with me, pretty please
Blow your dreams, blow your dreams, blow your dreams away with me
Blow your dreams, blow your dreams, blow your dreams away with me

Tell 'em that is my birthday /3x
When I party like that
Every night's my birthday
They don't know, so it's okay
Tell 'em that it's my birthday
When I party like that

Tell 'em that is my birthday /3x
When I party like that
Every night's my birthday
They don't know, so it's okay
Tell 'em that it's my birthday
When I party like that

Blow your dreams, blow your dreams, blow your dreams away with me /4x
