Crazy I like that, you like that, so let's be crazy
The contact, impact, I want that daily
Our breath getting deeper, deeper, lately I like that, baby

'Cause I can't get enough
I can't get enough
I can't get enough of your love
Give me some more, I love it
I can't get enough,
'Cause I can't get enough

Crazy I like that, you like that, so let's be crazy
The contact, impact, I want that daily
Our breath getting deeper, deeper, lately I like that, baby

'Cause I can't get enough
I can't get enough
I can't get enough of your love
Give me some more, I love it
I can't get enough,
'Cause I can't get enough

dice que no le es suficiente
ta mal de la mente
cuendo sta solita que entra
musica para que lo hagamo como aquella ve
la busque otro trago por si tenia sed
to lo que se pone bonito se le ve
empezamo a pie y ahora andamo en el je

vamo a calendar
baby, tu va a subir y a bajar
no se quiere olvidar
lo quiere recorder
baby, yo quiero entrar

Crazy I like that, you like that, so let's be crazy
The contact, impact, I want that daily
Our breath getting deeper, deeper, lately I like that, baby

no one's gotta know
we can keep it lowkey
I'll be fine alone
long as you're with me
tell 'em
so incredible
unforgettable on me
keep your body on me

'Cause I can't get enough
I can't get enough
I can't get enough of your love
Give me some more, I love it
I can't get enough,
'Cause I can't get enough
