

# Selena Gomez, Me & The Rhythm

Ooh, the rhythm takes you over  
Takes you to a different place  
A different space  
Ooh, the smoke is getting closer  
I can feel our young blood race  
Through cityscapes

[Pre-Chorus]

And everybody wants to be touched  
Everybody wants to get some  
But don't you play a song about love  
When I move my body  
I don't have to talk about none  
Let the chemicals do its stuff  
'Til the energy is too much

[Chorus]

Yeah, all I need  
Is the rhythm  
Me and the rhythm  
Nothing between  
Yeah, the rhythm  
Me and the rhythm  
And I know, I know, I know  
I can't fight it  
I won't, I won't, I won't  
Deny it  
Oh no, oh no, oh no  
I'd be lying  
If I said I didn't need  
Yeah, the rhythm  
Me and the rhythm

[Verse 2]

Ooh, I start to feel it now  
Feeling like I'm truly free  
I'm free in me  
Ooh, the heat's a common ground  
No matter what's your history  
Be free with me, oh

[Pre-Chorus]

And everybody wants to be touched  
Everybody wants to get some  
But don't you play a song about love  
When I move my body  
I don't have to talk about none  
Let the chemicals do its stuff  
'Til the energy is too much

[Chorus]

Yeah, all I need  
Is the rhythm  
Me and the rhythm  
Nothing between  
Yeah, the rhythm  
Me and the rhythm  
And I know, I know, I know  
I can't fight it  
I won't, I won't, I won't  
Deny it  
Oh no, oh no, oh no  
I'd be lying  
If I said I didn't need

Yeah, the rhythm  
Me and the rhythm

[Bridge]

If you feel like you're the spark  
Then come out of the dark  
If you feel like you're the spark  
Then come out of the dark  
If you feel like you're the spark  
Then come out of the dark  
If you feel like you're the spark  
Then come out of the dark

[Chorus]

Yeah, all I need  
Is the rhythm  
Me and the rhythm  
Nothing between  
Yeah, the rhythm  
Me and the rhythm  
And I know, I know, I know  
I can't fight it  
I won't, I won't, I won't  
Deny it  
Oh no, oh no, oh no  
I'd be lying  
If I said I didn't need  
Yeah, the rhythm  
Me and the rhythm
