

# Selena Gomez, People You Know

you were running through me like  
now the feeling's leaving me dry  
these days we couldn't be farther  
so how's it feel to be on the other side?

so many wasted nights who you  
I still can it, hate it  
wish I could take it back cause

we used to be close  
but can go from people you know  
to people you don't  
and what hurts the most  
is people can go from people you know  
to people you don't

we used to be close  
but people can go from people you know  
to people you don't  
and what the most  
is people can go from people you know  
to people you don't

when it was good we were on fire  
now I am breathing ashes and dust  
I always wanna get  
I never know when enough is enough

so many nights who you  
I still can taste it, hate it  
wish I could take it back cause

we used to be close  
but people can go from people you know  
to people you don't  
and what hurts the most  
is people can go from people you know  
to people you don't

we used to be close  
but people can go from people you know  
to people you don't  
and what hurts the most  
is people can go from people you know  
to people you don't

from people you know to the people you don't know  
from people you know to the people you don't know

we used to be close  
but people can go from people you know  
to people you don't  
and what hurts the most  
is people can go from people you know  
to people you don't

we used to be close  
but people can go from people you know  
to people you don't  
and what hurts the most  
is people can go from people you know  
to people you don't

from people you know to the people you don't know

from people you know to the people you don't know

from people you know to the people you don't know  
from people you know to the people you don't know
