&quot;Fallen Branch&quot;

---

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

---

He has gone, and I'm left here sad  
Without the affection of the man  
who for so long protected my life  
Today, like a fallen branch  
Today, like a fallen branch  
Today, like a fallen branch  
I'm just waiting for my life to die  
I suffer for his love  
But there's no remedy now  
'Cause he's gone, I know  
with another woman  
And I'm hurt  
That's why I'm  
like a fallen branch  
Like a fallen branch,  
which day by day loses life

Today, like a fallen branch  
I'm destroyed, well you wanted it  
Today, like a fallen branch  
Today, like a fallen branch  
I'm waiting for my life to die

I suffer for his love  
But there's no remedy now  
'Cause he's gone, I know  
with another woman  
And I'm hurt  
That's why I'm  
like a fallen branch  
Like a fallen branch,  
which day by day loses life
