

Serafin, Since I Broke My Heart

If I was gonna be so brave
If I was gonna be so brave
Then I would stand make a scene
If I was gonna be so brave

No Look Back
You've come way to far
No Relax
Since I broke my heart

If I was with you for myself
If I was with you for myself
Then I would change it with feelings
If I was with you for myself

No Look Back
You've come way to far
No Relax
Since I broke my heart

No Look Back
You've come way to far
No Relax
Since I broke my heart

Ive got a mean, got a mean, got a state of mind
Straight backwards girl on suicide
Shes driving me....

No Look Back
You've come way to far
No Relax
Since I broke my heart

No Look Back
You've come way to far
No Relax
Since I broke my heart
