

Sergio Mendes, Dance Attack

I don't want to go
Where the feeling can't happen
It's a call for the wild tonight
Pick you up at eight
In the flash of the city lights

Master Dancer
Teach us how to move
Master Dancer
Doctor of the groove

Can't hold it back
About to snap
It's just a dance attack
Take a shot
Your body's hot
You've had a dance attack

I don't want to run
Where the people aren't crazy
Just a nail to be driven in
I don't need the flack
Tired of being invaded
When the beat in the street begins

Master Dancer
Make me feel alive
Here's your answer
Jump into the fire

Can't hold it back
About to snap
It's just a dance attack
Your head's a spin
Your out is in
You've had a dance attack
Take a shot
Your body's hot
You've had a dance attack
You need to shake
Your heart awake
It's just a dance attack

Master Dancer
Teach us how to move
Master Dancer
Doctor of the groove

Can't hold it back
About to snap
It's just a dance attack
Your head's a spin
Your out is in
You've had a dance attack
Take a shot
Your body's hot
You've had a dance attack
You need to shake
Your heart awake
It's just a dance attack
