

# Sergio Mendes, I'll Tell You

I'll tell you where you have to go  
I'll tell you where you have to go  
This place is really the place to go  
I'll tell you where you have to go

Just come and go with me  
To the place where we can have some fun  
It's not too far from here  
We can move our feet  
We can dance to the beat  
And we can go right now

I'll tell you where you have to go  
I'll tell you where you have to go  
This place is really the place to go  
I'll tell you where you have to go

Everyone will be waiting  
Anticipating the fun we'll have tonight  
Come on people let's get out of here  
Let's jump in the ride  
It won't take any time  
Tell me - you're ready to go?

When we get to the place  
You'll have a smile on your face  
As soon as you walk through the door  
There'll be flashing lights  
Everything is out of sight  
It's really happening tonight

We can move our feet  
We can dance to the beat  
And we can really get down

I'll tell you where you have to go  
I'll tell you where you have to go  
This place is really the place to go  
I'll tell you where you have to go

I'll tell you where you have to go  
I'll tell you where you have to go  
This place is really the place to go  
I'll tell you where you have to go

I'll tell you where you have to go  
I'll tell you where you have to go...
