Sergio Mendes, Look Around

All the secrets of the skies in a drop of rain
Look around, just look around
Gold dust, silver and surprise
If you look around, just look around

All the wisdom of the sea in a grain of sand
Look around, just look around
Set the child within you free
When you look around, just look around

That cloud's a bird flying through the air
That happy leaf's going to the fair
It's all there, it's all there
It's all there, it's all there

All the innocence of Spring in a blade of grass
Look around, just look around
Let the child within you see
When you look around, just look around

All the wisdom of the sea in a grain of sand
Look around, just look around
Set the child within you free
When you look around, just look around

That cloud's a bird flying through the air
That happy leaf's going to the fair
It's all there, it's all there
It's all there, it's all there

All the innocence of Spring in a blade of grass
Look around, just look around
Let the child within you see
When you look around, just look around

Oh, look around
Just look around
Just look around
Just look around
Stop and look around
Just look around
Stop and look around
Just look around
Stop and look around
Just look around
Stop and look around
Just look around
Stop and look around
Just look aroundStop and look around
Just look around
