

Sergio Mendes, Real Life

We lived in a world of beautiful lies,
Where you're fool enough to think you're wise
Feeling so sure
Love will endure

Like a shining star
Against the night
We saw love
As clear as black and white

We looked to a dream to carry us through
But that's more than dreams can ever do
Promises made
Easily fade
And there's nothing left to do or say
We just close the door and walk away

'Cause in real life
It's never what it seems
In real life
We struggle in between
The hard truth
And the promise of a dream
In real life
Oh, it's never what it seems
Oh, in real life

Now, I've seen the light
And you know the score
Love can't blind us
Like it did before
Swear we won't make
The same old mistake
But no matter how we try to be
We're just seeing what we want to see

And in real life
It's never what it seems
In real life
We struggle in between
The hard truth
And the promise of a dream
In real life
Oh, it's never what it seems
Oh, in real life
