

Sergio Mendes, That's Enough For Me

Maybe you know the reason that I love you
Maybe you don't but I don't really care
Maybe you'll see the forest for the trees, babe
Maybe you'll see the things that I don't dare

Maybe I know just how to turn on, babe
Maybe I know just how to make you smile
Maybe I don't quite know what's right from wrong, babe
Maybe we'll find out in a little while

Whatever it is, we're together
And that's enough for me
Don't need no questions or answers
Your love's enough for me

Whatever it is, we're together
And that's how love should be
Don't need nobody to tell me
Your love's enough for me
