Sergio Mendes, That's Enough For Me

Maybe you know the reason that I love you Maybe you don't but I dont really care Maybe you'll see the forest for the trees, babe Maybe you'll see the things that I don't dare

Maybe I know just how to turn on, babe Maybe I know just how to make you smile Maybe I don't quite know what's right from wrong, babe Maybe we'll find out in a little while

Whatever it is, we're together And that's enough for me Don't need no questions or answers Your love's enough for me

Whatever it is, we're together And that's how love should be Don't need nobody to tell me Your love's eough for me
