

Sergio Mendes, Yes I Love You

Yes I love you
Woh I love you
And I mean it in a very special way
Yes I live you
Woh I love you
And I mean it in a very special way

There's a song that I sing for you
Every word that I say is true
And I know when my days are few
That I'll love you, I'll love you

Yes I love you
Woh I love you
And I mean it in a very special way
Yes I love you
woh I love you
And I mean it in a very special way

There's a joy that I've come to know
From this feeling your love composed
And I'm hoping it always grows
'Cause I love you, I love you

Yes I love you
Woh I love you
And I mean it in a very special way
Yes I live you
Woh I love you
And I mean it in a very special way
Yes I love you
Woh I love you
And I mean it in a very special way
