Sergio Mendes, Yes I Love You

Yes I love you Woh I love you And I mean it in a very special way Yes I live you Woh I love you And I mean it in a very special way

There's a song that I sing for you Every word that I say is true And I know when my days are few That I'll love you, I'll love you

Yes I love you
Woh I love you
And I mean it in a very special way
Yes I love you
woh I love you
And I mean it in a very special way

There's a joy that I've come to know From this feeling your love composed And I'm hoping it always grows 'Cause I love you, I love you

Yes I love you
Woh I love you
And I mean it in a very special way
Yes I live you
Woh I love you
And I mean it in a very special way
Yes I love you
Woh I love you
And I mean it in a very special way
