

Seven Mary Three, Strangely At Home Here

A few Orange Whips
And a phone call to my oldest friend
It's a good time that never ends
Just watching change in the furniture again
There's no remember when's
When the jukebox spins
Sad songs in the summertime
The heat is an overture of need on the inside
Heat is an overture of need on the inside
I know this is only the half life
And the rest of me is by your side
Safely at home dear
I know something out there's killing me
And it's something I go looking for
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
The bartenders barback
Is the sweetest thing
Says, "Hello friend"
&"It's so good to see you again and again
And again and again and again"
Somebody here better buy me a beer and a shot
I'll take a light if it's all that you've got
I could use a ride home tonight
I could use a ride anywhere
And all I know this is only the half life
And the rest of me is by your side
Safely at home dear
I know something out there's killing me
It's something I go looking for
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
I feel strangely at home here
