

# Shakira, Broken record

I'm older but you're wiser than anyone can see  
Your patient like no other has even been with me  
Your eyes take me to places  
I'd never dreamt about  
Your voice is the only music I can't do without

There can't be any doubts now  
We're just too far ahead to look behind  
And above the good and bad

I need you to believe in my word  
I feel like a broken record  
And I've told you 700 times  
I don't need to keep looking  
My search is done

Can you put your trust in my word  
I sound like a broken record  
And I've said it 700 times  
I don't need to keep looking  
You are the one

Your hands that have no mercy  
Are also my best friends  
And I can get lost climbing on your legs that never end  
I found a perfect distance between my body on you  
And that is no distance, dear if that's alright with you  
They said we wouldn't make it  
But look at how we've beating all the odds  
I just need you to be aware of that

I need you to believe in my word  
I feel like a broken record  
And I've told you 700 times  
I don't need to keep looking  
My search is done

Can you put your trust in my word  
I sound like a broken record  
And I've told you 700 times  
I don't need to keep looking  
You are the one

I just want you to take a leap of faith  
No it's easy to make all the same mistakes  
But I won't this time, no, not this time

Can you put your trust in my word  
I sound like a broken record  
And I've said it 700 times  
I don't need to keep looking  
You are the one

A dozen icy summers were leading me to you  
I had to hear the liars to recognize the truth  
Remember the first Christmas  
It almost seemed untrue  
You promised that you'd always be with me  
And I promised too
