

# Shakira, Something

Quand tu  
Quand tu me prends dans tes bras  
Quand je regarde dans tes yeux  
Je vois qu'un Dieu existe  
Ce n'est pas dur d'y croire

Before I met you I wasn't terribly lucky  
Every Prince Charming lost charm after twelve  
But then you came and made the past look so funny  
Put my old sadness to sleep on a shelf

If this was meant to be  
Don't condemn me to be free  
And even if we never marry  
I will always love you, baby  
Childishly

'Cause something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me that God still exists

And there's something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me that God still exists  
You make me believe  
You make me believe

I love the temperature and smell of your body  
The shape of your lips and the size of your nose  
I love that everything you say is so funny  
Plus you're the best kisser that I've ever known

You see the way I am  
Without make-up, without clothes  
And you accept me like nobody  
And I will always love you, baby  
With eyes closed

'Cause something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me that God still exists

And there's something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me that God still exists  
You make me believe  
You make me believe

Quand tu  
Quand tu me prends dans tes bras  
Quand je regarde dans tes yeux  
Je vois qu'un Dieu existe  
Ce n'est pas dur d'y croire

There's something  
I believe...

There's something  
I believe...

There's something  
I believe  
I do

You make me believe...

... Je te desire ...
