

Shawn Mendes, Bad Reputation

[Verse 1]

She got a bad reputation
She takes the long way home
And all of my friends seen her naked
Or so the story goes

Mistakes we all make them
But they won't let it go
She's got a bad reputation
But I know what they don't

[Chorus]

I don't care what they say about you baby
They don't know what you've been through
Trust me I could be the one to treat you like a lady
Let me see what's underneath, all I need is you

[Verse 2]

She got a bad reputation
Nobody gets too close
The sight of a soul when it's breaking
Making my heart go cold

And in the deeper she's sinking
I'm begging her please don't let go
She's got a bad reputation
But she's all that... all I want, though

[Chorus]

I don't care what they say about you baby
They don't know what you've been through
Trust me I could be the one to treat you like a lady
Let me see what's underneath, all I need is you

Nobody knows the way that I notice it
Nobody knows the way that time has shown us it
Nobody knows the way that I notice it
She got it bad, She got it bad

Nobody knows the way that I notice it
Nobody knows the way that time has shown us it
Nobody knows the way that I notice it
She got it bad, She got it bad

[Chorus]

I don't care what they say about you baby
They don't know what you've been through
Trust me I could be the one to treat you like a lady
Let me see what's underneath, all I need is you
